Subject: Giving Away the Store

Mr Attorney General,

Is it customary to give up when an appeals court has declared you a victor? I cannot express fully the distress I feel over the DOJ mishandling the Microsoft anti-trust case. After the appeals court decision stating that Microsoft is indeed an illegal monopoly, the DOJ turns around and gives away the store.

Shame on Attorney General John Ashcroft for not standing up for the rule of law and not standing up for the American people. Janet Reno would never have denied us justice like that.
